Financial Report

- We do not expect to use all of the carryover funds in FY2013.
- Enrollment of high school students was discussed. Letters to all high school counselors and CTAE directors in our service area discussing college credit and articulation agreements were sent via
email from the President. Hard copies were mailed to all superintendents. Visits have been to
several high schools, and more meetings are being scheduled to encourage high school enrollment.
The information is also being provided to parents.

A motion to approve the consent agenda was made by Mr. Gooch, seconded by Ms. Rebold, and
approved by all. Discussion was as follows:
• Students had great success in competitions as reported in the Academic Affairs report.
• NGTC implemented Banner-Web Registration Spring term 2012. This new registration process
seems to be working well for our students. Mr. Faulk commented that the Banner-Web registration
works very smoothly and is user-friendly.
• The Parker Nellis renovation is scheduled to go out to bid on May 1.
• Hoyt Coe possibly finished by April 20. Scheduled to move furniture into the facility on May 8, and
classes are to begin May 20.

President’s Report
• President Thaxton expressed her gratitude for the board’s support and encouragement. She is very
excited about what she has seen at NGTC.
• Many contacts have been made the first 10 working days. It was an opportunity to talk about the
college, present the goals as set by the new president, and learn the needs and concerns of our
supporters. A handout listing meetings and activities that Dr. Thaxton attended was distributed.
More visits are scheduled throughout next month.
• Dr. Thaxton’s current focus will primarily be to learn what has been done at the college, understand
the priorities, and find out what more can be done to promote student success.
• Her goals: 1) Enroll more students, 2) Keep those students in school progressing toward graduation,
and 3) Graduate more students. NGTC resources should “Persuade students to come and persuade
them to stay—graduate, and go to work.”
• In order to meet these goals, focus will be given to these areas: Student Success and Access,
Success of Faculty and Staff, and Clear Accountability for Performance. TCSG uses the Scorecard to
track college performance, and you will be hearing more about this in upcoming meetings.
• The process to surplus the President’s Home has begun. After arriving at NGTC as president, Dr.
Thaxton heard concerns about the sale of the property and observed its proximity to campus. After
much discussion with the Commissioner and his staff regarding these concerns, she was advised to
let the property go before the SPC in June. The college then has three years to list the property to
sale or do nothing at all...no harm no foul. This will allow NGTC to monitor the expense of the house
and make a decision regarding the use of the property at a later date.

Chairman Wade requested a motion to adjourn.
A motion to adjourn was made at 4:25 p.m. by Mr. Huber, seconded by Ms. Rebold, and approved by
all. The next meeting is May 16.
