

Air Conditioning Technology

Certificate, Diploma or Associate Degree available

NGTC's Air Conditioning Technology program emphasizes a combination of refrigeration, air conditioning and heating theory, and practical application and offers both men and women excellent employment opportunities. As a conditioned-air specialist, you may work alone or with a team, work outdoors or stay in an office, work for others or be your own boss - the opportunities are endless! Students have the option of pursuing either a degree or diploma in Air Conditioning Technology. Graduates are prepared for positions as entry-level technicians in the refrigeration, air conditioning, and heating fields.

 This department has programs that are eligible for 100% tuition coverage under the HOPE Career Grant.

 Available on the Clarkesville campus

Available Programs:

- Air Conditioning Technology Degree
- Air Conditioning Technology Diploma
- Advanced Commercial Refrigeration Certificate
- Air Conditioning Assistant Certificate
- Air Conditioning Electrical Technician Certificate
- Heating & Air Conditioning Installation Technician Certificate
