

# Automotive Technology

Diploma or Associate Degree available

Is working on cars a hobby you enjoy? Do you want to turn that passion into a career? The Automotive Technology program at NGTC provides a combination of classroom instruction and hands-on experience in our state-of-the-art lab that prepares you to diagnose and solve problems in a variety of real-world situations. Graduates can receive an Automotive Technology degree or diploma that qualifies them as entry-level automotive technicians. Students also have the option to complete the Automotive Light Duty Diesel Engine Technician certificate.

 This department has programs that are eligible for 100% tuition coverage under the HOPE Career Grant.

 Available on the Clarkesville campus

The Automotive Technology program is aligned with the Automotive Service Excellence (ASE) program and emphasizes hands-on training in:

- Engine repair
- Automatic transmission/transaxle
- Manual drive train and axles
- Suspension and steering
- Brakes
- Electrical/electronic systems
- Heating and air conditioning
- Engine performance
