

COSMETOLOGY

The Cosmetology Program emphasizes specialized hands-on training in:

- Hair design, cutting and color
- Perming and texturizing for multi-cultural hair
- Skin Esthetics
- Acrylic nails and basic nail care
- Hair extensions and special evening hair design
- Safety and sanitation
- State laws, rule and regulations
- Salon sales and management
- PLUS—opportunities for live work serving the public in the campus salon or participating in special events such as SPA Day.

About our program

The cosmetology diploma program at NGTC goes far beyond the basics of cut and color!

From skin and nail care to fundamentals of physiology with experience in salon sales and management, this course of study truly prepares students for careers in the field of cosmetology.

Graduates are eligible for certification and licensure from the

Georgia State Board of Cosmetology.
