

Engineering Technology

Associates Degree available.

NGTC's Engineering Technology AAS program graduates are qualified for employment as engineering technicians with a specialization in mechanical, electrical, or industrial engineering technology. Graduates may also participate in an articulation agreement with Kennesaw State University, allowing them to complete a mostly online bachelor's degree. The program is intended to provide the opportunity for residents of Georgia to explore a career in engineering at the professional level. Program graduates receive an Engineering Technology Associate of Applied Science Degree.

💰 This department has programs that are eligible for 100% tuition coverage under the HOPE Career Grant.

📍 Available on the Clarkesville campus.

Specialize in:

- Mechanical Engineering
- Electrical Engineering
- Industrial Engineering
