

# Photography

Certificate, Diploma or Associate Degree available

The NGTC Photography program is award winning and has a well-deserved reputation for excellence. The program provides students with a solid foundation in the technical, creative and business skills needed to be a professional photographer. From fashion to advertising and portraiture to multimedia, students gain experience in a wide range of photographic specialties and have access to the newest technology and over 6,000 sq. ft. of studio, lab and classroom space to develop and perfect their skills. When graduates complete the program, they have the knowledge and skills necessary to run a successful photography business.

 Available on the Clarkesville campus

The Photography program emphasizes hands-on training in:

- Camera Techniques
- Visual Theory
- Digital Imaging Workflow
- Natural and Artificial Light
- Studio, Portrait, Commercial, Lifestyle and Landscape Photography
- Photojournalism
- Multimedia
- Business Management
