Cybersecurity

Certificate, Diploma or Associate Degree available

Cyber attacks are on the rise! Organizations rely on cybersecurity professionals to defend and protect their digital assets. Learn to secure computer systems, networks, and practice ethical hacking while earning your degree in Cybersecurity. NGTC's Cybersecurity degree program is a sequence of courses designed to provide students with an understanding of the concepts, principles, and techniques required in computer information processing. NGTC is an authorized CompTIA Academic Partner, which provides substantial discounts on exam vouchers for students seeking certification.

$ This department has programs that are eligible for 100% tuition coverage under the HOPE Career Grant.

⚲ Available on the Clarkesville campus

Graduates are to be competent in the general areas of humanities or fine arts, social or behavioral sciences, and natural sciences or mathematics, as well as in the technical areas of computer terminology and concepts, program design and development, and computer networking. Program graduates are qualified for employment as Cybersecurity Specialists or Information Security Analysts.
